# INFORMATION FOR JUNIORS AND THEIR FAMILIES

Hello Students and Families,

We are excited to share information about One Click College Admit, a free State of Illinois-sponsored program designed to make the college admissions process simpler and more accessible.

One Click College Admit allows students to receive direct college acceptance offers based only on a student's GPA, without requiring traditional applications, essays, or application fees.

Here's how students and families can benefit from participating in One Click College Admit:

- Students can receive college acceptance offers automatically
- Participation creates options for college; (students are not required to commit to a college and families remain in control of all college decisions)
- Participation is completely free
- Offers appear in Common App and by email
- It's easy to participate in the program through a simple opt-in form. Parent/guardian consent is required for students under 18

Your school counselor will also be hosting workshops and is available to help with completing next steps and to answer questions.

More information is available at [www.oneclickadmit.org](http://www.oneclickadmit.org), or you may contact your school counselor directly.

Thank you for your continued partnership as we support students in planning for life after high school.

Best regards,

# WORKSHOP INVITATION FOR JUNIORS

Hello [Student Name],

You're invited to a workshop introducing One Click College Admit, a program that helps you receive college acceptance offers based only on your GPA without the stress of filling out applications, writing essays, or paying fees.

In this workshop, you'll:

- Learn how the program works
- Complete the opt-in process
- Set up your Common App account

Date: [Date]

Time: [Time]

Location: [Location / Link]

Opting in does not mean committing to a college; it just keeps your options open.

Bring your device, and we'll do it together.

# WORKSHOP INVITATION FOR FAMILIES OF JUNIORS

Hello [Parent/Guardian Name],

We're hosting a workshop to introduce One Click College Admit, a State of Illinois program that simplifies college admissions by offering direct acceptance based only on a student's GPA. No applications, no essays, no fees—and hopefully, less stress!

One Click College Admit offers direct admissions to participating institutions but does not require enrollment at any institution. Students will need to use the traditional application process to apply to non-participating colleges and universities.

Students will complete the opt-in process with counselor guidance.

*Note: One Click College Admit is not a financial aid or free tuition program. Students will still need to complete a financial aid application to determine eligibility for financial aid.*

Date: [Date]

Time: [Time]

Location: [Location / Link]

We encourage your support and welcome questions.
